We are committed to treating people with disabilities in a way that allows them to maintain their dignity and independence. We believe in integration and we are committed to meeting the needs of people with disabilities in a timely manner. We will do so by removing and preventing barriers to accessibility and meeting our accessibility requirements under the Accessibility for Ontarians with Disabilities Act and Ontario's accessibility laws.

Training

We are committed to training staff and volunteers in Ontario's accessibility laws and aspects of the Ontarian Human Rights Code that relate to persons with disabilities. We will train our employees and volunteers on accessibility as it relates to their specific roles

Procurement

We will incorporate accessibility criteria and features when procuring or acquiring goods, services or facilities, including self-serve kiosks. If it is not possible and practical to do so, we will provide an explanation upon request.

Self-service kiosks

We will consider accessibility for people with disabilities when designing, procuring or acquiring self-service kiosks

Information and communications

We will communicate with people with disabilities in ways that take into account their disability. When asked, we will provide information about our organization and its services, including public safety information, in accessible formats or with communication supports.

We will also meet internationally-recognized Web Content Accessibility Guidelines (WCAG) 2.0 Level AA website requirements in accordance with Ontario's accessibility laws.

Employment

We will notify employees, potential hires and the public that accommodations can be made during recruitment and hiring.

We will notify staff that supports are available for those with disabilities. We will put in place a process to develop individual accommodation plans for employees.

Where needed, we will also provide customized emergency information to help an employee with a disability during an emergency.

Our performance management, career development and redeployment processes will take into account the accessibility needs of all employees.

Changes to existing policies

We will modify or remove an existing policy that does not respect and promote the dignity and independence of people with disabilities.
